  - Limits H1B validity to one year for third party placements.
  - Addresses site visits at employer worksites for compliance
- ❑ **The DOL IR was published on 10/8/2020 and effective immediately – increased significantly the prevailing wage to be paid to H-1B/H-1B1/E-3 workers and for PERM prevailing wages.**

# Temporary and Permanent Work Visas – A Look into 2021- Biden Plans

## ❑ Reform the temporary visa system.

- Work with Congress to first reform temporary visas to establish a wage-based allocation process and establish enforcement mechanisms to ensure they are aligned with the labor market and not used to undermine wages.
- Expand the number of high-skilled visas

## ❑ Reform the permanent visa system.

- Eliminate the limits on employment-based visas by country, which create unacceptably long backlogs.
- **Increase the number of visas offered for permanent, work-based immigration based on macroeconomic conditions.** Work with Congress to increase the number of visas for employment-based immigration—and promote mechanisms to temporarily reduce the number of visas during times of high U.S. unemployment.
- Exempt from any cap recent graduates of PhD programs in STEM fields in the U.S. who are poised to make some of the most important contributions to the world economy.

## Changes to the Naturalization Process

- ❑ **New Naturalization Test Effective for applications filed on or after Dec. 1, 2020 – includes more questions.**
  - The civics test is administered to applicants who apply for U.S. citizenship and is one of the statutory requirements for naturalizing. The revised test includes more questions that test the applicant's understanding of U.S. history and civics, in line with the statutory requirements, and covers a variety of topics that provide the applicant with more opportunities to learn about the United States as part of the test preparation process.
  - **60 % passing score required – or 12 out of 20 questions to be answered correctly.**
  - USCIS will maintain the current guidelines for statutorily established special considerations for applicants who are 65 years old or older and have at least 20 years of lawful permanent resident status.

  - Reject the imposition of unreasonable fees.

## DACA - Dreamers

- ❑ Fed. District Court recently rules to restore the DACA program to its original form as created in 2012. The cases are *Batalla Vidal v. Wolf* and *State of New York v. Trump*.
- ❑ **Under the court order, DHS must accept initial DACA applications as well as renewals, grant advance parole travel documents, and issue two-year renewals (instead of one-year) to DACA beneficiaries.**
  - The court also certified a class of foreign nationals who can benefit from the ruling, including those who were issued limited DACA benefits and those who may have been eligible to apply for DACA protection but were prevented from doing so under the Trump Administration's policies.
  - Current DACA beneficiaries may continue to work pursuant to their valid employment authorization documents and should apply to renew their benefits as soon as they are eligible to do so.
- ❑ **Biden plans to restore the DACA program and protect DREAMERS. Biden to support path to US citizenship for DACA recipients.**

## International Students

- ❑ September 24, 2020, DHS proposed a regulation that would subject international students (F visa), exchange visitors (J visa) and representatives of foreign information media (I visa) to fixed periods of stay, eliminating the longstanding “duration of status” policy.
  - ❑ Comment period ended. May become effective before Jan. 20, 2021
  
- ❑ On Dec. 1, 2020, Federal Court Upheld the OPT and STEM OPT Work Authorization Programs for F-1 Foreign Graduates
  
- ❑ *President Elect Biden is expected to support international students - Biden believes that foreign graduates of a U.S. doctoral program should be given a green card with their degree and that losing these highly trained workers to foreign economies is a disservice to our own economic competitiveness.*

## What to Expect in 2021- Biden Immigration Plan

- ❑ **Biden to reverse the most damaging Trump’s immigration policy(as announced during campaign )**
  - Some will require executive action, others – regulatory action. Cannot happen overnight
- ❑ **The Biden Commitment to a Fair and Humane Immigration System**
  - *Will uphold our laws humanely and preserve the dignity of immigrant families, refugees, and asylum-seekers. Will supports bipartisan comprehensive immigration solution, DACA, DAPA, TPS*
- ❑ **Take urgent action to undo Trump’s damage and reclaim America’s values**
  - **Immediately reverse the Trump Administration’s cruel policies that separate parents from their children at our border** and prioritize the reunification of children still separated from their families.
  - **End Trump’s detrimental asylum policies** drastically restrict access to asylum in the U.S., including imposing additional restrictions on anyone traveling through Mexico or Guatemala; attempting to prevent victims of gang and domestic violence from receiving asylum; eliminate Trump’s Migrant Protection Protocols.
  - **Reverse Trump’s Public Charge Rule**, allowing immigration officials to make an individual’s ability to receive a visa or gain permanent residency contingent on their use of government services such as SNAP benefits or Medicaid, their household income, and other discriminatory criteria undermines America’s character as land of opportunity that is open and welcoming to all, not just the wealthy.
